Greetings from San Antonio, Texas (Bexar County), where I'm touring the Haven for Hope facilities (see [MOORLACH UPDATE — Legislative Efforts — June 29, 2017](#)).

It's bill introduction season, and *The Daily Breeze* and *Daily Democrat*, in the first piece below, provide the details of an effort by Senator Pat Bates, that I endorse. And, it fits in with the reason for my being here in Texas.

The second piece, from the *Pinetree Net*, provides the details of an award I was presented this week. It's very humbling and gratifying to be recognized by my former Supervisorial colleagues around the state. I am most appreciative of the relationships that I formed with them over my eight years as an Orange County Supervisor. Also see [MOORLACH UPDATE — Burning Year End Issues — December 15, 2017](#).

The third piece provides another perspective on the Governor's proposed budget and is found in the *San Gabriel Valley News* and the *Press Enterprise* (see [MOORLACH UPDATE — Budget and Legacy Priorities — January 11, 2018](#) and [MOORLACH UPDATE — 2018-2019 Budget Recommendations — January 4, 2018](#)).
